# Primary Election To Be Held Saturday

## 164 Boys Are Added to Military Force

### 2,176 Men in Randall Are Now Signed Up For War Work or Military Service

Randall county added 164 men to its military strength as a result of the fifth registration of youths.

There are now 2,176 men in the county registered of which 1,533 are of military age. In the 45-64 age group are 643 men, who are not subject to military call.

Of the last group of young men registered, 34 have reached their 20th birthday and are subject to military service. 62 boys are 19 years of age, and as they become 20 they will be subject to military service. There were 68 in the 18 year old class. When the boys registered June 30, 210 cards were filled out in Randall county. Owing to harvest 76 cards were of boys working here and these cards were returned to their home counties. Only 30 cards were sent here from other counties. This is the first registration in which more cards were sent out than received from other counties.

The following were the men in the five registrations:

| | |
|---|---|
| First and Second | 883 |
| Third | 486 |
| Fourth | 643 |
| Fifth | 164 |

Randall county now has approximately 300 men in service. It is expected that calls for men will be heavy during the fall months.

The local board will start this week in arranging men in catagories according to the new regulation. The four catagories are as follows: First catagory, single men without families to support; Second, single men who are supporting members of their families; Third, married men without children; Fourth, married men with children. Local boards must furnish men from the First Catagory until this is exhausted, then pass to the Second Catagory, and then to the Third. It is not contemplated that men with children will be called into military service until it is necessary to raise an army of 10 million men.

## WPA Work Shut Down in Change

### Museum Building Is Only Big Project in County Which Is Not Finished

The District WPA office in Amarillo was closed on Wednesday of last week. Most of the projects in the district are closed due to the lack of laborers.

Canyon has greatly profited by WPA since it was founded in 1935, and much construction has been accomplished, both on the streets and on the buildings at West Texas State.

The museum is the largest WPA project which has not been completed. A recent allotment was made for $15,300 from WPA funds to enclose the addition to the museum. Under the terms of this allotment citizens of the Plains are required to raise $5,000 in cash. This fund is now being raised. This money would go into material, while about $5,000 of the WPA funds would also be for materials. Before closing the district office, A. A. Meredith stated that the money for materials would be available when the citizens raised $5,000. Labor on the building would be resumed when men were available for WPA construction. At the present time there are few men available for this labor.

So far the closing of WPA has not affected the sewing room. However, this project is due to close in a month or six weeks. A commodity storeroom will be opened at the local sewing room next Monday for the distribution of clothing which has been made by women in the sewing room.

The food stamp plan is not affected by this shut down in WPA work.

## More Men Entered Military Service During the Week

Nine men left for Lubbock Saturday morning to enter the army under Selective Service. All passed the physical examinations.

Floyd Reymond Dunsworth and Offord Owen Barton did not ask for the two weeks furlough, but went to Fort Sill for induction.

The following returned home until July 31 when they will leave for Fort Sill: Joseph Francis Jasper, Leander Alois Hschke, Frank Elton Minyard, Edwin Ray Gidden, David Clifton Robinson, Earl Elton Roberts, Edgar Carl Poszemny.

Counted on the call but already in service are: J. R. Glenn, Eustace Al Baggett, Leslie Van Meter, Owen Simpson Robertson.

Robert Orton reported in Lubbock Monday and was transferred to California where he will start his work in meterorology. He volunteered several weeks ago and has been awaiting call. Mrs. Orton accompanied her husband.

Newell Jackson Barefoot of South Amarillo has been accepted for the Volunteer Officers Training camp and will be inducted August 17.

Other volunteers are:
Vol Jallar McClanahan, navy.
Cecil Eugene Newberry, air corps.
Royce B. Clevenger, coast guard.

## *Woman Shot in Jaw In Gun Accident*

Mrs. Howard Halbert is in a serious condition as the result of being hit in the jaw by an accidental discharge of a .22 rifle Friday afternoon.

Mr. and Mrs. Halbert of Lubbock have been working on the Ross Craig farm south of Canyon. He was hauling wheat and decided to take the rifle with him on the truck. Mrs. Halbert was loading the rifle when it was accidentally discharged, the bullet striking her in the lower jaw. The bone was shattered.

Mrs. Halbert has been in the hospital since the accident.

**BADLY SUN BLISTERED**

Hosea Foster has been laid up for a week with sunburns on his body. He was out on Buffalo Lake in his motor boat last week when the motor went dead and his party were in the sun for several hours. He was in his bathing suit and suffered sunburns all over his body.

## Funeral For Mrs. Bonnie Brown Is Held Friday

Funeral rites for Mrs. Bonnie Brown were held Friday afternoon at the Baptist Church with Rev. Claude White in charge of the services. Mrs. Brown died Thursday morning in Northwest Texas Hospital following an illness of several weeks.

Mrs. Brown was born July 29, 1913 in Quay County, N. M. She was the daughter of Mr. and Mrs. E. I. Boyce of Canyon.

Survivors include the husband, Albert Brown, and two daughters, Bonita and Alberta Brown, her parents, two sisters, Mrs. Bill Patke, Canyon, and Mrs. L. F. Bechtold of Houston; two brothers, E. I. Boyce, Jr., of Fort Sill, Oklahoma and Royce Edward Boyce, Canyon.

Pall bearers were W. H. McAdoo and John Menke of Amarillo, Lynn Heizer, Levi Cole, Alvin McDonald, Glenn McGahey, J. J. Walker and George Melton, all of Canyon.

**JOHNSON FAMILY REUNION**

B. T. Johnson was honor guest at a family reunion of his children Sunday at the home of his daughter, Mrs. J. C. Compton of Clovis, N. M. Mr. Johnson went over Saturday and returned home Tuesday afternoon. Sixteen members of the family were present, which included all but two grandchildren of Mr. Johnson.

**WORKS IN POSTOFFICE**

John Morris has started work in the postoffice, taking the place of Robert Orton who left Monday for the armed services.

Supt J. B. Speer returned Wednesday night from Austin where he attended the summer session of the University of Texas.

## Illinois Man Joining Faculty

### Dr. Seth Fessenden Is Highly Recommended for His Work in Speech

Dr. Seth Arthur Fessenden of Charleston, Ill. has been added to the faculty of West Texas State College in the Department of Speech.

President J. A. Hill said Dr. Fessenden would arrive in time to teach in the second 6-week summer term opening July 28. Dr. C. W. Freed, head of the department of speech, will leave soon to enter the Army.

Dr. Fessenden, a native of Iowa, received the B. S. and M. S. degrees at the University of Illinois and the Ph. D. degree at New York University. He also studied at the universities of Texas, California, Montana, and Cornell. He has been teaching for several years at the State College in Charleston, Ill.

He has held business positions in Corpus Christi, Los Angeles, El Paso, and other cities, and has done Little Theater work in San Antonio, Corpus Christi, and El Paso. For a time he was director of training for the ice industry at Champaign, Ill. He has lectured on sales training. His recommendations are exceptionally good.

Dr. Fessenden is 39 years old and is married.

Mr. and Mrs. Alfred Bellah, Mary Anne and Max and Mr. and Mrs. Robert Bellah left Sunday for San Diego, Calif., where they will visit J. C. Bellah and Mr. and Mrs. Elsworth Barnard. Mr. and Mrs. Robert Bellah, who have been visiting here for the past two weeks, returned with them.

Miss Patsy Stallworth of Levelland and Miss Cloe Christian of Temple are visiting Miss Fannie Alice Pierce. The girls, together with Miss Joy Jones of Dallas, are spending part of the week at the Presbyterian Camp.

Mr. and Mrs. Broughton Harden spent Sunday in Wayside.

## Total Yield Is Near 3,000,000

### Ideal Weather Continued Throughout Harvest; Light Rain Falls Here Monday

How much wheat was produced in Randall county this year? Some say 2½ million bushels, while the most optimistic say the yield will run up to 3,000,000 bushels.

Due to the fact that much of the wheat is farm stored this year, the total yield will not be known until the storage has been inspected and storage certificates issued to the farmers. This inspection cannot start until the wheat has been in storage for 30 days. County Agent W. H. Upchurch states that inspection will start within a few days on the early harvested wheat.

Harvest is over in all parts of the county. But a large amount of wheat is still on the ground owing to the lack of storage. How many bushels of wheat are stacked on the ground has not been determined, but farmers in all sections of the county report thousands of bushels still stacked out and no storage in sight.

The perfect harvest weather continued this week—hot and dry. But now the farmers are hoping for rain. The row crop acreage is light all over the country.

A light rain of .25 of an inch fell in Canyon Monday afternoon. This rain covered a large part of the county, but was very spotted in amount. The rain ranged from a mere sprinkle to more than an inch of moisture.

## F. E. Savage Is Named Warden to Succeed Freed

F. E. Savage has been named Air Warden of Canyon to succeed Dr. C. W. Freed. Dr. Freed will be inducted into the army this week.

A complete organization was formed in Canyon early in the year according to directions from Washington, and two air alarm sirens were installed. A test of the sirens was made on Flag Day and they were found to be adequate.

Many meetings have been held of the block and district wardens in order that all may be acquainted with their duties in case of an air alarm.

Grant Sharman is home for the remainder of the summer from Abilene Christian College where he has been studying and doing work as assistant in the Music Department.

Mrs. Fred Watson and Chalenne Dowd of Flagstaff, Ariz., visited Friday in the Mark Foster home.

## J. M. Kiker Died Following Leg Amputation

JOHN MILTON KIKER

John Milton Kiker, 74 year old resident of Canyon died Monday morning at a Temple hospital following an illness of several weeks. His left limb was amputated last week in an effort to save his life from an infection which started in his feet several weeks earlier.

Funeral services were held Wednesday afternoon at the First Methodist Church here with the pastor, Rev. C. C. Armstrong officiating.

Mr. Kiker came to Canyon from Green's Creek in 1925. He had been a resident of Texas for more than 70 years, coming to Green's Creek from Alabama by ox-cart when only three years old.

He was an active member of the Methodist Church during his entire life time. For the past 12 years he had been custodian at the Canyon High School, where teachers and pupils alike all revered him greatly.

Besides his wife he is survived by three sons, L. W. Kiker, Plainview; Luther Kiker, Floydada and Charles M. Kiker of Sheppard Field, Wichita Falls; three daughters, Mrs. Fred Criswell of Patricia, Texas, Mrs. Glenford Fowler of Crosbyton and Mrs. Odie McNeely of Ralls; a brother, L. G. Kiker of Dublin, a sister, Mrs. Viola Campbell, also of Dublin, and 16 grandchildren.

Burial was in Dreamland Cemetery under the direction of Blackburn-Shaw of Amarillo.

Pall Bearers were J. B. Spear, J. W. Shook, I. M. Steen, O. F. Thomas, B. F. Oatis and W. H. Stroud. All members of the C. L. Sone Sunday School Class of the Methodist Church were honorary pall bearers.

Lenton Mahle, who has just been released from a hospital in Memphis, Tenn., spent the week end with his sister, Mrs. Carl Hair. Mr. Mahle is in the Coast Guard and left for Florida Tuesday.

## Aviator's Death Plane Accident

### Lt. Lucius G. Penick Killed Last Thursday; Wife and Son At Phillips; Parents Here

Lieut. Lucius Gerald Penick was killed in an airplane accident in the Southwest Pacific theatre last Thursday. A telegram was received yesterday by his wife from the Adjutant General bringing the sad information.

A son was born to Mrs. Penick at Borger on July 14. The young mother collapsed when the telegram was received yesterday.

Lieut. Penick was the son of Mr. and Mrs. E. C. Penick of this city. He received his degree from West Texas State in 1940. He trained at Bakersville Field, Calif., and received his wings at Moffett Field. He was an instructor at Salt Lake City before being transferred to California and then went overseas to Hawaii.

Lt. Penick was in the Battle of Java, and has been in several engagements with the Japs. He has been stationed in Australia for several weeks.

The following was the message:

"Deeply regret to inform you that information has been received today that your husband, Lieutenant Lucius Gerald Penick, U. S. A., was killed in an airplane accident July 16 in the Southwest Pacific Theatre, not due to enemy combat. Letter will follow."

Surviving are the wife and young son; the parents, Mr. and Mrs. E. C. Penick; three brothers, L. P. Penick, now in training at Norfolk, Va., E. C. Penick, Jr., who goes into training July 25, and Leon Penick of Amarillo; two sisters, Mrs. Lorane Roberts of Wichita, Kans., Mrs. C. M. Ford of Amarillo.

A letter was received last week from Lt. Penick stating he hoped to be home about Christmas.

## Farm Bureau Men Here Friday on Visit to Agent

Out of county visitors to the County Agent's office Friday of last week were: J. Walter Hammond, W. B. Stewart and J. W. Haggard all of Waco and W. M. Deck of Perryton. Mr. Hammond is President of the Texas Farm Bureau Association and director of the National Farm Bureau Federation. Mr. Stewart is Executive Secretary and Mr. Haggard is Informational Director of the Texas organization. W. M. (Bill) Deck of Perryton is State Director for the Panhandle District.

Mr. Hammond has just returned from Washington where he represented the National Farm Bureau in hearings before the Senate Committee on Agriculture on the price control legislation.

The party visited Canyon for the purpose of studying the Randall county methods in farm organization.

## Old Records Are Needed Now For Use in Services

Randall county's quota for old Victrola records is 2,500.

So far only about 150 old records have been turned in to members of the American Legion.

All citizens of Randall county are urged to make a search today of their home and uncover the old records which they have. Bring them to any Legion member, as the American Legion has assumed the responsibility to this national collection of old records.

The records will be shipped to the record manufacturers and new records will be made for use by the various branches of armed service.

Mrs. Linna Wilkinson left this morning with her daughter, Mrs. Charles Reeve for Champaign, Ill., where Mrs. Reeve will join her husband, who is in training as instrutor in Air Corps technical school. Mrs. Wilkinson will visit her mother in Ohio and will go on to New York to visit her daughter before returning to Canyon.

Dr. S. H. Condron left Sunday to teach at the Mount Sequoiah Methodist training camp near Fayetteville, Ark., for two weeks.

Gordon Lyons visited with relatives in Portales, N. M., last week.

## Returns To Be at News Office

### Lack of Interest Is Shown By Voters; Senatorial Race Is Atracting Attention

The July primary will be held next Saturday.

On account of the hot radio discussions in the senatorial race during the past week, it is believed that a heavy vote will be cast in the state. All qualified voters in Randall county are urged to go to the polls Saturday and express their choice from the many candidates who are running for the state offices.

There will be only one voting place in Canyon. All voters will go to the Red Cross room on the west side of the square. J. W. Shook will be presiding officer of this precinct instead of Dr. D. A. Shirley, who has not sufficiently recovered from his recent operation.

The results of the election will be posted at the News office as they are brought in by the various judges. While the county ticket is very short, the state ticket is as long as usual and counting will likely not be completed much before midnight. Reports on state races will be posted as they come in, together with the vote of all county boxes.

The lack of interest in the election so far as Randall county voters is concerned is shown by the small number of absentee ballots which have been voted. Only 50 applications have been received for absentee ballots, states County Clerk A. B. Holt. This is an unusually small number, considering the large number of men who are away from home.

## R. N. Henry Died Yesterday After Heart Attack

R. N. Henry, 63, died yesterday morning at 9 o'clock of a heart attack which afflicted him as he waited for a tire to be repaired at the Consumers Service Station. He had driven to town and had a heart attack as he waited in his pick-up. Taken to the office of his physician, he was pronounced dead before medical assistance could be secured.

Mr. Henry has lived in Randall county 11 years. He has been a prominent farmer southeast of Canyon. He had been in bad health for several months and unable to do active work.

Surviving are the wife, Mrs. R. N. Henry; five sons, Lee Henry and Ross Henry of Shamrock, Cecil Henry of Sudan, Arthur Henry and Orva Henry of Canyon; three brothers, Will Henry of Ralls, Jim Henry and John Henry of Lefors.

The funeral will be held Thursday afternoon at 2 o'clock at the Baptist church. Rev. Claude White will officiate.

Interment will follow in Dreamland Cemetery in charge of the Griggs-Thompson Funeral Home. Pall bearers will be: Bob Goodnight, O. A. Smith, Clem Dugan, Joe Baber, Henry Ellis, R. B. Gist.

**BROUGHT IN PLUMS**

Bennie Joe Cupell brought to the News office Monday a cluster of plums which he had gotten at the home of his sister, Mrs. Thelma Chapman, near Shamrock. The Cupell family went after fruit Sunday and secured many wild plums and peaches. The fruit crop this year is not as large as usual.

**MARRIAGE LICENSE**

Robert C. Kulman and Miss Shirley M. Becker, July 15.

William T. Davis, Jr., and Miss Dorothy Ellouise Nollner, July 17.

George Hall and Mrs. Ruth Davis, July 21.

Mr. and Mrs. A. R. Blessen of Dalhart are visiting S. R. Blessen.

## Service Flags Free For Men in the Services

Service flags for families who have men in the armed service are available at the News office. These attractive service flags are free to all Randall county families.

Please call at the News office and secure one of these flags to display either in your window, or to hang in your home. The service flags are lithographed in red, white and blue, on heavy paper, with a large V, and American eagle at the top. They may be framed if the family desires.

# Wheat Acreage Same For '43

## 1943 Allotment For Wheat Made

### Million Bushels of Wheat On Farms Awaiting Farm Storage Loans, Is Report

Wheat acreage allotments are to remain the same for 1943 as for the 1942 crop, according to official word received in the County Agent's office on July 15. Clerks are preparing the individual farm allotment notices for mailing to farmers this week.

No changes were made in wheat acreage allotments for the 1943 crop for the reason that the National allotment for the 1942 crop was set on the minimum figure allowed under the law. The freezing of allotments for another year will simply mean a continuation of the present acreage.

All farm allotments in Randall county are on the basis of the farm as operated in 1942. Where farms are changed, as to size, by change of land ownership the allotments will be prorated and new work sheets made for the new farm. Notice of such changes should be filed in the county office after August 1 and before wheat seeding time.

Inspection and sampling of wheat for farm storage loans is starting this week. It is expected that over 600 grain bins will be inspected for loan in Randall county during the balance of July and the month of August. The basic loan rate on No. 1 wheat in Randall county is $1.10 per bushel. It is estimated by the Triple A committee that over one million bushels of the current crop is still on farms awaiting farm storage loans.

## *Union Church Service Sunday Evening at Presbyterian Church*

Rev. Joseph Findley, pastor of the Christian Church will preach at the Sunday evening Community Church service which will be held in the Presbyterian Church at 8:30 o'clock, July 26.

Community singing is a feature of these evening services and special numbers will be given at each service. A good attendance gathered at the Methodist Church for the first of these summer Community gatherings last Sunday evening when Rev. Alfred M. Dorsett preached. The Christian, Presbyterian and Methodist churches are co-operating in this work. All are invited to attend these insprirational get togethers.

Miss Jean McAtee of Amarillo spent the week end with her parents, Mr. and Mrs. W. H. McAtee.

Panola Pancratz and June Henry of Amarillo spent Saturday with Mr. and Mrs. Hale.

## G. G. Foster Has Been Here 42 Yrs.

G. G. FOSTER

G. G. Foster has been a citizen of Randall county for 42 years. He arrived here July 26, 1900, and has made this his home ever since.

During his residence here Mr. Foster has been a school teacher, farmer and insurance man. At the present time he divides his time between his insurance and loan office and his farms in the south part of the county.

"I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

Why all this clamor in England for a second front? Are not the military leaders awake to the necessity or are they relying upon the press to push them into an attack upon the Germans? Or are the leaders awake and want the press to stir up the people so they will be willing to pay the terrible price in manpower? No matter what is behind the move, it is interesting to note that there is still a free press in England, and that the press has a right to criticize the administration for not opening the second front. In Germany and in Hitler controlled territory such criticism of the government would not be tolerated. Keep that in mind: When that second front is opened, thousands of men will be slaughtered on both sides. The Allies must be sure that they can land and maintain a superior force to drive back the Germans or suffer another Dunkirk. Another Dunkirk in 1942 would be fatal. Churchill and Roosevelt are taking all of these facts into consideration and will not move until they are absolutely sure the Allies can hold the Germans. So far as America is concerned, we must have more ships before we can do much about a second front.

More strikes were in progress this week than at any time since Pearl Harbor. Both CIO and AFFL leaders claim that the strikes are unauthorized. In other words, in spite of the promises of Phillip Murray and William Green that there would be no strikes among the unionists, the number of strikes increases. The leaders cannot control their members, or are making no attempt to do so. There are 10 million union laborers in the United States today, drawing practically double the pay enjoyed before the war. There are 45 million non-union workers and their wages have increased only a small fraction of the increases won by the unions. The situation is tragic. While our armies need vital munitions, minor groups of union laborers are unpatriotic enough to bleed the American people for all the money they can extract under the pretext of performing necessary labor for the war. Indeed, the jobs are essential, but they are not performing them, and thus giving aid to our enemies.

A personnel officer of one of the new Panhandle war plants reported recently that the company desired five applications for every job available. Just what does that mean? Are there four inefficient persons applying for a government job to every one who will pass the examinations? Or are hundreds of persons applying out of mere curiosity with no intention of trying to hold the job if they land one? Or are persons now on jobs just applying to see whether or not they can better themselves by landing better places than they now hold? At any rate getting five applications for each job is not a healthy situation. It is stated that war workers are being "frozen" on the jobs they hold in order to keep plants from trying to induce workers to make changes. While they are doing the "freezing" process, it would be a good idea to do some freezing in necessary industries which are not entirely engaged in the war.

Have you noted how few car stickers and window cards there are on display boosting the candidates? We have seen less than a dozen cars and trucks with stickers, and there are very few window cards on display around Canyon. There has not been a single political speech made in Randall county this year. Such a drab political campaign! Yet, we hope that this lack of political thunder will not deceive the voters and cause them to stay at home next Saturday. This is a Democracy, and unless YOU—MR. AND MRS. AMERICA—take an interest in your Democracy, this form of government will not continue successfully. Vote Saturday! Vote intelligently.

O'Daniel has had a successful political career based upon class prejudice. He lined up the old folks to win his first battle. He let them down after he reached Austin, but in spite of his political failures, no man has ever been able to continue fooling the people of Texas as has O'Daniel. Lining up class against class, or age against age may win political battles, but historians will give brief mention to the achievements of such damnable procedures. O'Daniel still relies on the old people for his votes, but at the same time he is throwing in with the big boys who have been trying to run the nation.

It is a miracle that no one around Canyon has been killed because of the the large number of bicycles. It must be due to the fact that automobile drivers are much more careful than they used to be. Remember the days when the streets of Canyon were race tracks, so to speak? Car owners most certainly are driving with more care. But the streets are filled with bicycle riders, and in the name of public safety all riders should use the same care in riding as the drivers are using. Let's be careful and not have some child or adult badly crippled through carelessness, either of the bicycle rider or the car driver.

From where we sit, it looks like some of the bureaus of Washington have messed up the synthetic rubber deal. Synthetic rubber is something new and so far no definite formula has been devised to assure an adequate future supply. Instead of opening the field and allowing all plants and chemists a chance to dig out the best system for making rubber, it would seem that some fellow, who knew nothing about synthetic rubber, selected the formula which suited his fancy rather than investigating all methods. In the meanwhile the nation suffers because of the bull-headedness of one official.

Have you listened to Rev. J. Frank Norris during this campaign? He is pulling the records on O'Daniel, and the records are not a bit in favor of the flour-sales politician. Starting back from the time O'Daniel was born, the famous Baptist preacher quotes facts which are not complimentary to the Senator. Instead of being named after the revered Robert E. Lee, Norris shows that as a matter of fact O'Daniel was named after the physician who brought him into the world. When Frank Norris takes in after a public official, he takes the hide off in places that hurt.

Vote Saturday! Regardless of your choice, go to the polls and back your candidate with a vote. Don't sit around and fail to vote, and then cuss the government because that so and so, blankety blank was elected to public office. We admit that the expression fits some of the candidates, but be it remembered, every person has a right to run for public office. If inefficient persons are elected, there is no one to blame except the voters who fail to use their noodles in making their selection. Vote Saturday, and try to vote intelligently.

Another salvage campaign is about to start. It is figured that there are millions of tons of rubber and precious metals kicking around the nation which could be put to work fighting the Axis. All citizens should start assembling this junk and get it ready for the market. The stuff is doing no one the least bit of good, and is usually in the way around the farm or the home. This junk is very valuable in the manufacture of war munitions and should be turned over to the government when this campaign opens.

Hitler is crying out that the communists threaten Europe, and it is his job to whip them. W. Lee O'Daniel takes up the cry against communists and says they are trying to unseat him as Senator. Both cries come from men who recognize that they are fighting a losing battle. If Hitler is whipped by the communists of Europe—thank God for the Communists. And if W. Lee O'Daniel is whipped in Texas, it would be by a rather respectable bunch of citizens who don't mind what W. Lee or Hitler thinks about them.

The farm block and the labor block are responsible for the increased cost of living because of the selfishness of both minorities. The danger of these minorities was announced by the President. Yet both of these minorities have been encouraged by the President. There is no sense in demanding that prices be kept down when there is no limit on either labor or material. During the past few days, however, it is hinted that the President is becoming interested in a ceiling on both labor and material.

The rumor persists that boys in the 18-19 age bracket will be called into military service. The army wants these boys very badly. They make the best soldiers, and may be trained in a much shorter period of time. Regardless of what may happen in the future, every boy should stay in school as long as possible. The training they get in school will make them much better soldiers, and the chances are too great that they will not not want to return to their studies after the war.

Who is paying all of the expenses of the O'Daniel-Collins caravan? Neither of the candidates report enough expenses to pay their banjo players, let alone the 5 cars, 2 sound trucks and station wagon. Their radio expenses are not reported—so who is paying these expenses? These run into thousands of dollars. The people are entitled to the truth, but the banjo twins are not willing to tell the people the truth about their campaign expenses.

Texas needs two Senators instead of one. Texas has one of the greatest senators in America—Tom Connally. Texas needs another senator to work with Connally. W. Lee O'Daniel is as useless to Texas as a capitol bootblack. He is out of step with the administration, with the war, and with everyone in Washington, except W. Lee O'Daniel. Let's vote for a man who will stand with Tom Connally, instead of blocking his efforts.

Another thing we don't like: Driving on the highway the other day at 40 miles per hour, a car whizzed by. It was marked "Department of Agriculture," and the driver was a young sprout, possibly under 30. He was making 65 miles or more, in utter disregard to the national necessity of saving cars and rubber. It sure burned us up to see such arrogance on the part of a minor public official.

While Governor, O'Daniel vetoed a bill that would impose the death penalty on saboteurs caught in Texas. What does W. Lee O'Daniel think of the eight saboteurs now being tried in Washington? Would he refuse to shoot these dirty dogs who came to the United States with instructions from Hitler to blow up vital war plants? The people have a right to the truth instead of another jazz song.

It is reported there are half a million skilled mechanics in the big cities of the east without jobs today due to closing peace-time plants, and no war jobs in sight. Occupational questionnaires have been mailed to every man in the nation 20 to 64 years of age, for the purpose of uncovering these mechanics and making it possible to transplant them to centers where they are needed.

Trim the trees which overhang the sidewalks. The trees have made a wonderful recovery from the wreckage caused by the ice storm two years ago. Most citizens have allowed their trees to grow at will, and now the trees need a good trimming. This is especially true of those overhanging the sidewalks.

English tenacity has won most of the wars in which the Empire has been engaged. The English are not the daring, reckless type of warriors which have to win battles one after the other in order to keep going. In this war there is certainly great need of bulldog tenacity, plus plenty of men and machines.

Texas has more at stake in the war than any state in the union. It will take the best brains of America to handle the after-war problems. A banjo player, who stands with the isolationists, will not be an honor to Texas, or accomplish anything for Texas. Vote against W. Lee O'Daniel Saturday.

Those who are opposed to President Roosevelt are supporting Senator O'Daniel and Hal Collins. Both of these men are Roosevelt haters, are isolationists and are out to reap all of the personal gains they can collect from the war and the political situation.

Hal Collins is trying to ride into office on Pappy's coat-tail. Governor Coke Stevenson has cut off Pappy's coat-tail, while Dan Moody and Jimmy Allred are trimming his under pinnings. A safe vote is AGAINST O'Daniel and Collins, the banjo twins.

O'Daniel reported his marriage as June, 1916. The records up in Kansas reveal that he was not married until June, 1917. The Senator has always been careless in kicking around facts.

The brass collars of the navy have refused to use small boats for hunting down subs. The English have practically eliminated the sub menace by using small boats instead of relying on large, expensive boats.

Again the rumor is that the sales ends this session. The sales tax seems to have more lives than the cat.

"So you think Jones would make a good ration board member. Does he have the firmness that enables him to do his duty in spite of all ingratitude and unjust criticism?"

"He ought to. He was cook for a hunting camp once."

OR THE COUNTY JAIL

"I can't find any of these Russians in 'Who's Who.'"

"Why not try 'Vitch's Vitch'?"

Wisdom of the humble: "Lor' chile, when you ain't got no education, you jest got to use yo' brains."

New Angle: "Who was that lady I saw you out with last night." "I wasn't out, I was dozing."

## Contributions Are Needed To Finish P-P H S Museum

Voluntary contributions last week to the special building fund with which to complete the first floor of the main unit totaled about $2,000, and the goal of $5,000 should be reached within the next few days. The time limit on raising the required amount is August 1.

The drive was started off early in the week by the $500 donation from Mr. Isaacs. His contribution was followed by other large donations, including $500 from Mrs. Mary E. Bivins of Amarillo and $100 from Mrs. Avery Turner of Amarillo.

**Contributions Listed**

Other contributions included Ray Wheatley, Dr. A. J. Streit and H. C. Pipkin of Amarillo, $50 each; W. H. Patrick, Clarendon, $25; C. H. Keffer, Amarillo and F. A. Paulk, Panhandle, $15; John W. Kenyon, Amarillo, Wiley Fox, Dumas, Robert Foster, Canyon and J. A. Mead, Miami, $10 each; Milton Morris, Canyon, $5; Mrs. T. V. Reeves, Marion Higdon, Mrs. C. M. Presley, and Mrs. L. E. Sims, all of Canyon, $1 each. In addition the committee has several contributions whose donors requested to remain unpublished and there are some conditional donors.

H. C. Pipkin, chairman of the committee to raise the special fund, declared Saturday it was his opinion the entire amount would be raised by voluntary contributions within the next few days. The funds will be used to purchase labor and materials, classified as nonessential to the war effort, with which to close in the first floor of the museum's main unit. Concrete and steel forms and floors for this story unit were completed under a joint Panhandle-Plains Historical Society and WPA sponsorship. Virtually enough material is now on the ground, with the exceptions of materials classified as critical, to meet WPA requirements for resumption of work.

## "The Revenge" Next Program

**Chorus and Orchestra Will Entertain With Production Thursday**

A major contribution to the commencement program will be made by the college Chorus and Orchestra Thursday evening, July 23, when these organizations present "The Revenge," a tuneful ballad of the British fleet.

Prof. Wallace R. Clark will direct the performance, which will start at 8:30 p. m. in the main auditorium.

There will be no solo parts, but the blending of groups, spirit of the production, and delicate phrasing will call for all the skill of chorus and orchestra. Some passages of great beauty are of more than average difficulty.

Charles Villiers Stanford, who wrote the music to Tennyson's words of "The Revenge," was born in Dublin in 1852. This Irish conductor and composer received an excellent musical education and for a time taught music at Cambridge. He followed Goldschmidt as conductor of the famous Bach choir in London. In 1897-1900 he conducted the Leeds Philharmonic orchestra and directed the festivals from 1901-10.

Stanford was knighted in 1901. He composed several operas, half a dozen oratoios, church music, several symphonies, overtures and concertos for orchestras, some chamber music, and music for solo voices. He also wrote a history of music in 1916. He made much use of ballads of the British fleet.

Sir Richard Grenville was one of the sea-dogs who made the west countries famous in the naval annals of England during the sixteenth century. He was a stern man, but high minded and full of undaunted courage. In 1585 he led out to Virginia the first English colony. In 1588 he had charge of the defense of Devon and Cornwall against the Spanish.

Three years later he was put in command of the "Revenge," one of the crack ships of its class, of 500 tons burden and a crew of 250 men. The "Revenge" was notoriously unlucky, but had carried the flag of Drake in the Channel fights against the Armada. Under Lord Thomas Howard, Grenville was sent to the Azores to intercept the annual treasure fleet returning to Spain from the West Indies. The Spanish King dispatched in turn against the English a powerful fleet of fifty-three warships, crowded with soldiers. The Earl of Cumberland, who was coasting Portugal, sent warning to Howard as he lay at anchor on the north side of Flores. But the pinnace which carried the message had hardly arrived when the fleet was at hand. The Lord Admiral with five of the six queen's ships got away. Grenville, delaying to bring his sick on board, was cut off from the rest of the squadron. Instead of attempting to escape by doubling on the enemy, he tried to pass through the whole Spanish fleet. Finally the little "Revenge" goes down in the sea with the Spaniards aboard.

The composer, Charles V. Stanford wrote many operas, but his love for Tennyson's poems gave him a chance to excel in choral music. This is shown in his treatment of this choral ballad. It was finished in 1886. Tennyson wrote the poem in 1873.

Who steals my purse steals trash;
'tis something, nothing;
'Twas mine, 'tis his, and has been
slave to thousands;
But he that filches from my good
name
Robes me of that which not enriches
him,
And makes me poor indeed.
—Othello.

He was dug out of his wrecked car and carried to the doctor's office.

"I can't do anything for him," said the doctor. "I'm a veterinary surgeon."

"That's all right," replied the patient. "I was a jackass to think I could do 50 on those tires."

The Summer looks out from her
brazen tower,
Through the flashing bars of July.
—Francis Thompson.

"That's a gull," said a more experienced traveler with withering scorn.

### MISS ELLOUISE NOLLNER IS BRIDE OF BILL DAVIS, JR.

The marriage of Miss Ellousie Nollner, daughter of Mrs. G. H. Nollner of Amarillo, and Bill Davis, Jr., son of Mr. and Mrs. W. T. Davis of Canyon, was solemnized in the parsonage of the First Baptist Church of Amarillo Saturday evening, July 18.

Rev. A. D. Foreman, Jr., pastor of the church, officiated at the single ring ceremony.

Miss Mary Ella Davis, sister of the bridegroom, attended the bride. Eugene Newberry served as best man.

The bride was attired in a navy blue and white linen suit with white accessories.

Mrs. Davis attended Canyon Schools and was graduated from White Deer High School in 1940. She is now employed by the First National Bank of Amarillo.

The bridegroom was graduated from Canyon High School in 1939. This spring he completed an aircraft machine course at North Texas Agriculture College at Arlington. He is now employed at Pantex.

### STANLEY SCHAEFFER HURT

A mistake in a telegram resulted in George Schaeffer getting to come home for a few days from Camp Carson, Colorado, where he is with his company on maneuvers.

Sunday evening Stanley Schaeffer was exhibiting his diving ability and hit his head on the bottom of the pool, resulting in a large cut which had to have several stitches taken in it. Mrs. Schaeffer wired her husband of the accident adding that it was not serious, but when the message reached Mr. Schaeffer the word "not" had been dropped—thus he was permitted to come home for a few days. He arrived Tuesday.

Stanley is getting along satisfactorily.

### CEMETERY DONATIONS

The Cemetery Association has received four donations this week. These are: Mrs. J. W. Shanklin $2, Geo. A. Whittenburg estate $10, Mrs. Roscoe Davis $1, and Mrs. Josie Atkins $1.

The Association is asking donations to hire a man to clean up the lots.

Mr. and Mrs. Fairy Hill have returned to their home in Santa Monica, Calif. Mrs. Farest Hill accompanied them for a short visit.

## This Might Have Been a Tragedy

A careening truck and a tricycle played the leading roles in this near-tragedy. The youngster, just 4, had gotten off his tricycle and gone into his yard to play. He's doing his best to rescue what's left of his plaything. It's wise to keep children off the streets and away from curbs to avoid sudden death or serious injury.

## Rev. H. W. Carter Funeral Services Held Monday

Funeral services for the Rev. H. W. Carter, superannuated Methodist minister who died at Neblett Hospital Saturday night, were held Monday morning at 10 o'clock from the Happy Methodist Church. The Rev. R. R. Gilbreath, officiated, assisted by Dr. W. C. House of Amarillo and Dr. W. M. Pierce of Vernon. Rev. Carter was ill only one day.

Rev. Carter was born April 14, 1874, and had made his home in Happy for the past 18 years. Mrs. Carter died three years ago.

Survivors are two sons: Rev. Orion W. Carter, pastor of the Methodist Church of Childress, and J. T. Carter, superintendent of the Farwell school.

Pall bearers were L. O. Jennings, Lewis Walberg, J. R. Ballard, Tom Lollar, Ed Sprowls and C. C. Lollar. Griggs-Thompson Funeral Home was in charge of arrangements.

## A. B. HOLT

Candidate for Re-Election

### County and District Clerk

It has been impossible for me to see every one in Randall County due to so many added Defense jobs having been given to myself and to this office, which makes it necessary for me to stay close to call. I am sorry that I may not be able to see some of you, but we all have a job to do and I consider it a privilege to do the little that I can during these times.

I hope you will take this a personal solicitation and I am counting on your support and active help in this campaign. Anything you can do in my behalf will be highly appreciated, and I will try to merit your confidence and good will by continuing to give prompt, efficient and courteous service to you and to your records, if re-elected.

## War Brings Many New Duties Local Federal Agencies

Guy Harp was in charge of the Rotary Club luncheon Tuesday. Mr. Harp is postmaster and outlined the many new duties which have been added to the postoffice during the past few months.

There are 40,000 postoffices in the nation, doing a business of 8 billion dollars. Postoffices get credit only for stamp sales and box rents, hence the additional services do not count as credit for local offices. For instance, the local office handles about $12,000 in money orders annually.

New functions added to the postoffice are: starting Social Security; registration of unemployed; registration of aliens; handling increased free mail for departments and soldiers; handling motor stamps; selling revenue stamps; making out civil service applications; selling War Stamps and Bonds. Since these were placed on sale the local office has sold $200,000 of bonds and stamps.

Levi Cole reported that since May, 1941, when the First National Bank started selling bonds, the total has been $125,000. It takes an hour or two every day to handle the sale of bonds, in addition to the weekly and monthly reports. Anticipation Bonds are now being sold to those who wish to save for their income tax next year.

T. S. Stevenson reported on the War Price and Rationing Board, the newest federal agency in the county. Tires, tubes, cars, bicycles, typewriters, sugar are now being rationed, and many other articles are contemplated for rationing. 500 citizens have secured 552 tires and tubes and 162 recaps since rationing started. 8,303 sugar ration books were issued. The board now has two full time clerks and waits upon many persons every day. The people have been very co-operative as a whole, stated Mr. Stevenson.

County Agent W. H. Upchurch stated that while the duties of his office had greatly increased, "we are not having as tough a time as the boys in the army, and are not complaining because of the added work." The greatest food stock ever piled up by any nation in the world has been assembled in America. It is the aim of the agricultural department to hold this surplus to take care of future demands.

Owing to the lack of time other federal agencies in the county could not be discussed.

Visitors were: W. S. Norman of Amarillo and T. A. Black of Canyon.

# No Permanent Peace Is Seen

**Dr. Umphrey Lee Tells Seniors Each Generation Fights to Hold Gains**

"I don't feel as sorry for you as I might," President Umphrey Lee of S. M. U. told seniors and graduate students of West Texas State in the summer baccalaureate service Sunday.

Dr. Lee said it was time to talk plainly about people and about wars. Virtually every generation since Adam has faced the problems of war, he added, and only foolish people believe that a new day has arrived in human relations.

"There will be no peace," Dr. Lee declared, "until the people decide that wars do not pay."

He ridiculed the idea that better times follow wars, asserting that conflict makes worse conditions and lower standards.

"Force doesn't make people good, and never will," he said.

**Misled By Distance**

Americans have been misled in their thinking by their relative security and distance from Europe, the speaker added. He said this country entered World War I late and lost comparatively few men, with the result that the horrors of battle were not realized by the people generally. The present conflict, however, is a "people's war" which may yet touch many an American home.

He compared the people's position today with that of a band of pioneers whose stockade is surrounded by howling savages. The people have no choice but to fight, he explained—not that war pays but that non-resistance is suicide.

"We must ring our civilization with steel," Dr. Lee declared, "but remember that steel isn't civilization. Peace cannot be achieved by force. Our only chance is the slow process of educating the people in the way of Christianity and the realization that war cannot pay."

**Dilemma Not New**

He pointed out that the plight of this generation is really no worse than that of many previous generations. Only the foolish believe that they can have health, normalcy, and happiness without fighting for it.

Special music was provided for the occasion by a double quartet, which included Prof. Wallace R. Clark, Weldon Bright, Elizabeth McCaslin, Marion Miller, Florence Clark, Jeanne Lively, Olin Hinkle, and Houston Bright. Dr. S. H. Condron gave the invocation, the Rev. A. M. Dorsett read the Scriptures, Miss M. Moss Richardson gave a special prayer, and the Rev. Joseph Findley gave the benediction.

Commencement week activities include the President's Reception to seniors Tuesday evening, the concert by Chorus and Orchestra Thursday evening, and commencement exercises Saturday evening, July 25, at 8:30 o'clock. The commencement speaker will be Dr. Robert L. Sutherland of Austin, executive secretary of the Hogg Foundation.

## *Lynn Miller For Congress*

LYNN MILLER

To my many friends of Canyon and Randall County. I ask your permission to clarify and clear up some of the news articles of recent date, which might have been slightly camouflaged in such a manner that the true meaning and fact has not been thoroughly explained.

That honest and true fact is that Lieutenant Commander Worley was given a choice and privilege of choosing between the two jobs he was attempting to hold; that being a Commander of the Naval Forces, and that of Representative from the 18th Congressional District, which was issued as a directive or statement of fact from the President of the United States.

That directive or statement issued by our great President of the United States gave each Senator and Representative his choice, but implied that both offices could not be held at the same time.

This is law and fact as described in our great Constitution of the inUted States, Article I, Section VI.

YOU CAN'T SERVE TWO MASTERS AT THE SAME TIME.

I have faith in you and if you will vote for me and send me to Congress to represent you, I will not fail you, I will give you daily, active and constant representation in Congress.

LISTEN — KGNC, AMARILLO, FRIDAY MORNING, JULY 24th, FROM 9:15 A. M. TO 9:35 A. M. HOPE YOU WILL BE LISTENING, AND YOUR VOTE FOR LYNN MILLER WILL BE VERY DEEPLY APPRECIATED, AND YOU WILL RECEIVE GOOD REPRESENTATION.

Also KPDN, July 24ta, 12:00 noon until 12:10.

**Army-Navy Men Are Well Started Here On 8-Week Studies**

Army and Navy reservists, ten in number are taking Civilian Pilot Training work at West Texas State under a schedule which permits them little time for play.

Up at 5:30 a. m., they eat breakfast at the college cafeteria at 6 a. m. and at 6:45 a. m. are at the college airport for flight training under the direction of the Amarillo Air Service. At 10:30 o'clock they study navigation, meteorology, and civil air regulations.

Lunch comes at 12:45 p. m. Radio mechanics instruction starts at 1:30 p. m. Mathematics and physics follows until 4 p. m., when three hours of flight training is begun. Dinner is hurried along to permit the group to take military science and physical education from 8 until 10 p. m. Some book work follows.

Young men taking the CPT training are Tommy Lindsey of Wichita Falls, Junior Crites of Follett, Gail Lane of Forgan, Okla., Billy Landrum of Amarillo, Bud Pool of Amarillo, Lawrence Byars of White Deer, Roy Long of Canyon, Eugene Newberry of Canyon, Grady Williams of Crosbyton, and Bob Siler of Sweetwater.

Siler dropped out of Harley Sadler's road show to take up flying. He has been playing leading roles and doubling in the Sadler orchestra for several years.

The young fliers, who aspire to such jobs as aviation instruction, glider piloting, commercial piloting, and actual combat, are staying at Stafford Hall. They will complete their full-time course in eight weeks. A new program will start September 1.

**USELESS EFFORT**

A farmer who lived in a certain rural village had 20 employes on his farm, and as none of them was as energetic as the farmer thought he should be, he finally hit upon a plan which he believed would certainly cure them of their lazy habits.

"Men," he said, one morning, "I have a nice easy job for the laziest man on the farm. Will the laziest man step forward?"

Instantly nineteen of the men stepped forward.

Why didn't you step to the front with the rest?" inquired the farmer of the remaining one.

"Too much trouble," came the reply.

"Are you sure your husband really goes hunting on those hunting trips he's always taking?" her catty friend asked.

"Oh yes; absolutely," she replied. "But he so rarely brings any game home."

"My dear, that's what makes me certain that he really goes."

There are three Johns: 1, the real John; known only to his Maker; 2, John's ideal John, never the real one, and often very unlike him; 3, Thomas's ideal John, never the real John, nor John's John, but often very unlike either.—O. W. Holmes.

The weight of war on the long distance telephone lines grows heavier every day. We can't build new lines to carry it because materials aren't available. We've got to make the most of the service we now have.

To keep our lines free for calls essential to fighting the war, we need your help and sympathetic understanding.

In general, of course, we are able to handle fairly easily calls over shorter distances. But remember always that if your call goes to a large city where war work is under way, or must pass through such cities, it may add to an already dangerous congestion. This is especially true in the rush hours from 9 to 12 in the morning, 2 to 5 in the afternoon, 7 to 9 at night.

On calls to more distant points during those hours, we are sure you will feel that your personal interest must give way to official messages that constantly are flooding our lines.

By thoughtful use of telephone service civilians can help to win the war. And we know you're glad to help.

From where I sit . . .

*by* Joe Marsh

You ought to meet my friend, Will Dudley. I suppose Will must be seventy-eight or nine . . . but you'd never know it. He's tall and lean and hard as a hickory. And although the only formal education he ever had was a few winters in the old red schoolhouse, I think that he's the wisest man I know in many ways.

For one thing, Will taught me the value of what he calls "Just a-settin!"

* * *

Come upon Will in the evening, when his hard day's work is done, and you'll find him "just a-settin," in a rocker on his porch. In one hand he'll have his old briar pipe and in the other, a tall cool glass of beer.

"Wholesome, appetizin' beer," says Will, "is standard equipment for proper settin! Puts a feller in an easy-goin' peaceful mood."

* * *

**You see, Will holds the theory that in our present mixed-up world, a man needs a *quiet* hour every day. An hour in which to sit down quietly and restore his strength and courage.**

Will thinks, and I agree with him, that a man ought to forget all his own and the world's worries during that hour-of-peace. And Will feels that a glass of fragrant mellow beer helps most to bring you quiet relaxation.

* * *

Show me the man who sits down quietly of an evening with his glass of beer and I'll show you a man who is wise in the ways of living. Such men, like Will Dudley, live to a ripe old age, unembittered by the troubles of the world. They seem to remain, all their lives, sweet-natured and kindly.

Time has a way of rendering accurate judgments on the value of the things men use and enjoy in the world. And Time . . . thousands of years of it . . . has handed down the verdict that beer is a pleasant and worthy companion for all men of good will.

# SMU Man Will Direct Center

### Roy G. Boyer Is Well Fitted to Head New Program in Amarillo

A long step toward completion of the organization of the new Amarillo Center of West Texas State College has been taken in the employment of its director.

This director of the Center will be Roy C. Boger of Dallas, at present the executive secretary of Southern Methodist University. He will take up his duties in Amarillo on August 15. He will teach some classes in addition to directing the activities of the Center. With Mrs. Boger, an accomplished singer and pianist, he will receive visitors and represent the local institution in Amarillo.

Mr. Boger received A. B. and M. A. degrees from Southwestern University at Georgetown and did additional work at the University of Texas. He was president of Weatherford Junior College and for several years was dean of McMurry College of Abilene. He long has been prominent in affairs of the Methodist Church in Texas. He has belonged to a Lions club and for 18 years was a member of the Rotary Club. He is 49 years old. He is secretary of the Texas Association of Colleges.

Vice-president Eugene V. Hawk of S. M. U. wrote of him to Dr. J. A. Hill:

"I have never known a man who was possessed of a finer spirit of cooperation and service than Mr. Boger. . . . I congratulate you and your institution on securing his services for the Amarillo Center. Few men in the state are more widely or better known. He has been a leader in educational, church, and civic work for 20 or more years."

Department heads and other authorities of West Texas State are preparing for announcement an introductory curriculum of classes to be available in the first term at the Amarillo Center, which will be operated concurrently with local terms. Advanced work will be given in business and public administration and other subjects and graduate work in English, History, and Education.

Dr. Hill is seeking a specialist to open a nursery school at the Center for the instruction of parents and training of a limited number of children.

The Center also will present exhibits, lectures, and musical and dramatic programs from time to time. It will be located in the four-floor Allen Early building at 2101 Harrison.

## Industrial Arts Units On Display

The students of Education 331 or Industrial Arts in the Elementary School, taught by Miss Ruth Lowes, are presenting for the public the units that they have been working on since summer school began. The class is made up of teachers and prospective teachers majoring in the elementary field.

All teachers interested in this level and students that are majoring in other fields will find many things of interest in this exhibit. Some of the units to be shown will be lighting, pottery, foods, clothing, library unit, and others. These will be on exhibit in room 103 of the Education building Thursday and Friday of this week. Everyone is being invited to attend.

**FATHER:** I've called this family council to get our living program adjusted.

**MOTHER:** What's the trouble, Father?

**FATHER:** Well, the way living costs are up, I'll give a dollar to anybody here who contributes a suggestion to save money. How about it, Bob, my boy?

**DAUGHTER MARY:** For goodness sake, Father, you know Bob never saved a cent in his life . . . he . . .

**SON BOB:** Silence, worm! I've got an ad here. It's about motor oil and it says: "You can hardly think of one working part in your engine as cheap to replace as dirty, thin oil—a jinx to precious parts."

**FATHER:** I get it, son . . . and that car of ours has to go another two years at least. What oil is it?

**SON BOB:** It's Conoco N*th* motor oil and the ad tells how the six engines were run to destruction in a Certified Death Valley Test. Conoco N*th* made twice the mileage averaged by the five other big-name oils.

**FATHER:** Son, you get the first dollar. Take the car down tomorrow and get Conoco N*th* oil.

## War Fought With Oil, States Col. E. O. Thompson

Warning Texas that an interruption in the flow of Texas oil may drastically retard the war effort of the United Nations, Col. Ernest O. Thompson today brought to a close his whirlwind campaign for re-election to the Texas Railroad Commission.

Col. Thompson, a veteran of the first World War, and Commander of the 141st Infantry at Camp Bowie until President Roosevelt detached him from his military command to return to Austin to supervise the conservation and production of vital Texas oil for the United Nations, is seeking his second full elective term.

"This is an oil war and this war must be fought with oil," Col. Thompson said in his final campaign talk to the people of Texas, adding:

"I know from first hand knowledge the importance of oil to a mechanized army and my record shows that I have honestly and effectively handled every problem of oil and gas conservation, transportation, and public utilities as a member of the Railroad Commission.

Col. Thompson pledged a continuance of the conservation and regulation policies he inaugurated for the control of the oil industry in Texas and he pledged further that no American soldier or sailor would ever sacrifice his life because of a lack of Texas oil.

"There is no substitute for experience," Thompson pointed out.

## *Berl E. Mayfield Thanks Voters*

To the voters of Randall County:

I have endeavored to see each and every voter in the county, but should I have missed any voter I wish to say that it was for the lack of time in covering the county. I wish to solicit your vote on next Saturday, July 25th for the office of County and District Clerk.

My race has been predicated entirely upon my own merits and qualifications and not the demerits of any one. I am fitted by training and experience for the position to which I aspire and believe I can render a service entirely satisfactory to the patrons of the office. I shall very greatly appreciate your vote and support and thank each and every one of you for your favorable consideration of my candidacy.
